AUTOMATED RETAIL SOLUTIONS

CoolSmart AI Market

Computer Vision **Connectivity** **Flexibility** **Security**

Increase your revenue, future-proof your business and reduce theft with AI-powered computer vision technology in a premium cooler market.

FEATURES

The large capacity of CoolSmart, that is powered with the latest AI computer vision technology, allows you to sell a wider variety of items with improved tracking, to increase your revenue.

✓ **AI-Powered Computer Vision** accurately tracks individual product purchases and significantly reduces theft.

✓ **Remote Management** of all sales, machine health & product inventory, along with different payment options (POS terminal or QR Code) for customers.

✓ **Larger Capacity** compared to competing coolers for increased sales and it comes pre-wired for future technology upgrades.

✓ **Easy Maintenance** with a slide-in slide-out refrigeration deck that is 8x less cost to repair and is an affordable future replacement.
